ANNOUNCEMENT

After a quarter of a century of seed growing, we feel qualified to claim that our experience and facilities for handling your orders are unexcelled.

We own a warehouse at Rocky Ford, Colo., that is equipped with the same class of cleaning machinery as our home plant. This branch of the business is in charge of Mr. J. A. Robinson, who has had eighteen years experience in the seed business. Our crops at this point will be carefully looked after, and chance for failure under irrigation is reduced to a minimum.

An acreage will be planted of each variety to produce, under ordinary conditions, the various amounts required to fill all contract orders and in no instance will any carry-over stock be used to apply on contract orders, unless it may be mutually agreeable to our customers and ourselves. In case of shortages a sufficient reservation will be made for planting stock; all orders will then be filled by an equal pro rata division of the entire remaining crop, delivered to us by our various growers, all orders being treated alike.

Orders will be accepted for the growing of special stocks or new varieties at reasonable prices if planting stocks are furnished.

The telegraph code used is the same as adopted by the American Seed Trade Association.

Orders for 25 pounds of a single variety of vine seeds will be filled at regular quotations; for orders of less than 25 pounds of a single kind, add two cents per pound.

TERMS:—Field corn, cash on receipt and examination: Sweet corn and vine seed, sixty days acceptance, or if discounted, 1 per cent in thirty days from date of shipment. All prices are based on delivery f. o. b., Waterloo, Neb., or Rocky Ford, Colo.
